The Leak Doctor
421 West Robinson Street
Orlando, Florida 32801

Dear Gwen:

I have become a fan of your company based on your consistent high results.

At our Tampa Hotel your team quickly identified the root causes of our water use problems which resulted in 24% less water use.

Of course your recent results at our Sheraton Orlando were outstanding. Your evaluation of the local utilities meter reading and subsequent detailed report saved us an average of \$10,000.000 a month. The utility, on the basis of your report and supporting documents, rebated the overcharged amounts and even paid your fee by way of apology.

If you ever need any ringing endorsements call on us!

Thank you,

Peter Valenzuela
